### Blue 4

Blue 4 have been developing their mathematical skills looking at capacity and size. They have explored key words such as full, empty, big and small in a way that is meaningful to them.

### GOLDEN WELLY!

Well done to Tye who won this week's Golden Welly award for playing well with his peers, taking turns and being kind!

Coming up:  
Trip - Monday  
Awards assembly

Many of our children like to explore toys and objects with their mouths, or may have PICA and seek out inedible objects to eat. Please see the attached information regarding the dangers of button batteries.

## Button batteries – where are yours?

child accident prevention trust

+BIPBA-  
British and Irish Portable Battery Association

Button batteries can badly hurt or kill a small child. If they swallow one and it gets stuck, it can burn a hole through their food pipe.

Know where yours are, so you can keep your child safe.

### Five top tips

- Look around your home for button batteries. Think toys, lights, remote controls and more.
- Check for products with loose backs and button batteries that have dropped out.
- Store button batteries in a safe place, up high and out of your child's reach.
- Dispose of used button batteries as soon as you can. They are still unsafe.
- Act if you think your child may have swallowed a button battery, go straight to A&E or call an ambulance.

# WELLBENG

The week before half term we had Go Well into school to deliver a Gladiators Day! This involved Key stage 2 pupils taking part in different gladiator style challenges including Duel and Power ball whilst developing their understanding of resilience, fair play, sportsmanship and fun.

The pupils had a great day and loved the experience.
